OVERVIEW

In business the Board of Directors steer the corporate ship on behalf of their members or shareholders. Consequently, their core function is the setting of organizational strategy, mission, vision and values while simultaneously ensuring compliance with all relevant corporate governance prescripts and legislation.

All shareholders have a vested interest in their respective institutions and have entrusted the Board of Directors with the responsibility to ensure that the company remains viable and profitable. The Board of Directors' function therefore, is to ensure the realization of the corporate strategic vision while consistently maintaining oversight responsibility.

Boards of directors include functional directors, who perform operational duties at the company, and external directors, who can make impartial judgments. The top structure of all management teams must include a CEO, a CFO and a COO.

The Board chair oversees the work of the Board and the organization's senior management team. Other roles on the Board include, Vice chair or vice president, Secretary and the Treasurer.

Ad hoc committees are formed by co-opting members of the Board to manage specific tasks. The Board of Directors take a vote on the selection of committee members. Members have the option of accepting or declining nomination or selection to a committee. Average board size is 9 members. Most boards in an organization range from 3 to 31 members. The ideal size is seven. To support the Board, two critical board committees are made up of independent members. The CEO is the senior executive while the board chairperson is the head of the board of directors. Boards must meet every quarter to set strategy, review and monitor the financial reports, review organizational performance, evaluate and oversee the executives, and vote on major decisions.

This JICSI training course will consequently succinctly equip you with the skills to assimilate concepts and develop a contextual interpretation of how your organization can constructively co-operate with and consistently ensure the retention of both market share and new market penetration by employing the intrinsic knowledge gleaned from this Board of Directors and Members Training and Certification Course.

MESSAGE FROM FOUNDER

Rudy HP Manullang ,Ph.D

Founder JICSI

Dalam lanskap bisnis yang terus berkembang, pengalaman pelanggan (Customer Experience/CX) telah menjadi faktor kunci yang menentukan keberhasilan perusahaan. Dulu, fokus utama bisnis adalah pada jumlah transaksi dan penjualan. Namun, seiring dengan meningkatnya ekspektasi pelanggan dari waktu ke waktu ditambah dengan persaingan bisnis yang semakin ketat, CX telah berevolusi menjadi "mata uang baru" dalam dunia bisnis yang perlu untuk di pertimbangkan di era bisnis sekarang.

Studi menunjukkan bahwa peningkatan pengalaman memiliki dampak langsung pada kinerja finansial perusahaan. Menurut penelitian McKinsey, meningkatkan CX dapat meningkatkan pendapatan penjualan sebesar 2 hingga 7 persen dan profitabilitas sebesar 1 hingga 2 persen. Selain itu, pengembalian total bagi pemegang saham meningkat sebesar 7 hingga 10 persen dengan peningkatan CX.

Perusahaan yang berfokus pada CX tidak hanya melihat peningkatan dalam loyalitas pelanggan tetapi juga dalam profitabilitas. Laporan McKinsey mengungkapkan bahwa memperbaiki pengalaman pelanggan dapat meningkatkan pendapatan penjualan sebesar 2 hingga 7 persen dan profitabilitas sebesar 1 hingga 2 persen.

Perubahan ini mencerminkan pergeseran paradigma di mana pelanggan modern tidak hanya mencari produk atau layanan berkualitas, tetapi juga interaksi yang bermakna dan pengalaman yang memuaskan. Pengalaman yang buruk dapat dengan cepat merusak reputasi bisnis, sementara pengalaman positif dapat mendorong loyalitas dan rekomendasi dari mulut ke mulut. Mengingat customer experience ini sangat penting bagi kemajuan suatu bisnis, Jakarta Internasional Customer Service Institute (JICSI) mengajak teman teman sekalian untuk ikut dalam pelatihan yang sudah kami formulasikan kepada teman teman yang apapun posisi Anda, karena customer experience adalah untuk seluruh anggota organisasi, karena setiap langkah dan perilaku kita ketika berinteraksi dengan pelanggan akan menjadi point penting bagi pelanggan kita ketika mereka melakukan interaksi dengan kita. Pelatihan ini di rancang dan di formulasikan berdasarkan hal hal yang terjadi di lapangan ketika berinteraksi dengan pelanggan, dan bagaimana penyelesaian terhadap suatu permasalahan.
