# OVERVIEW

A common and obvious performance measure of the success of any purchasing department is the amount of money that is saved by the organisation. Measurement and evaluation of purchasing performance is extremely necessary for effective management. How do analytical methods help in improving purchasing performance? Analytical methods measure purchasing performance and provide important feedback to the purchasing department for assessing the effectiveness of the purchasing strategies and decision-making process of an organisation. The overall performance of an organisation is significantly affected by how well the purchasing function can contribute to the organisation's strategies and goals. Analytical methods thus help in better decision making, communication, visual inspection and motivation.

Hal ini dapat membantu membangun hubungan yang baik, yang dapat menghasilkan lebih banyak pelanggan setia dan lebih banyak bisnis yang berulang.

Dengan aktive listening dapat menjaga hubungan baik dengan pelanggan dan membantu bisnis Anda mempertahankan pelanggan setia, menghasilkan lebih banyak uang, dan mendapatkan nama baik di pasar. Mendengarkan secara aktif adalah bagian penting dalam membangun hubungan baik dengan pelanggan.

Oleh sebab itu, keterampilan mendengar aktif patut Anda kembangkan demi menunjang rutinitas di lingkungan kerja dalam memberikan layanan yang baik kepada pelanggan

Pelanggan cenderung nyaman berbicara dengan orang yang memang mendengarkan cerita mereka, ini termasuk kebutuhan dan masalah yang tengah dialami. Pendengar yang aktif terbiasa mendengarkan hingga tuntas dan memahami konteks pembicaraan. Barulah mengambil kesimpulan berdasarkan apa yang telah dipahami. Melalui kebiasaan ini, pelanggan jadi betah dan nyaman berbicara mengenai keluh kesah.
