

**JAKARTA INTERNATIONAL
CUSTOMER SERVICE INSTITUTE**

**Customer Service Training and Quality Support
2 Days Training**

**Telephone Customer
Service Training**

OVERVIEW

With the current times, and people working from home, digital and telephone interaction has increased tremendously. This is the time to improve our telephone customer service skills. What's critical is that every customer calling you and your organization be made special and given that extra treatment where s/he feels that they are interacting with an organization who is professional and values their customers.

Using the telephone to communicate is the most preferred way to establish customer contact. The call centres are flooded with queries and calls. It is so important to know how to receive calls, make the call, what is the first thing to say and create that positive first impression with the very first sentence.

There are many times when the customer deals with their own moods and upsets and reflects it on the customer service executive who has made the call, this program looks at how does one deal with the difficult conversations and leaves the customer with a smile.

This training course will inspire you to go beyond your capacity to support your customer even though the interaction is not faced to face. You would learn how to make a professional phone call, understand the requirement, use your vocals to advantage and display a positive attitude when you speak.

Course Objectives

The telephone customer service program trains you to understand the importance of customer service and telephone etiquettes. It looks at how to have make the first impression and showcase the genuine interest to gain credibility even on the telephone. The program focuses on gaining confidence and enhanced conviction when answering the phone.

Upon completing this telephone customer service training program successfully, participants will be able to:

- Speak to the customer on the telephone with enhanced confidence
- Build a positive first impression on the phone
- Show a keen interest in building an image of a supportive and helpful customer service representative
- Learn how to show genuine interest and provide quality service on the phone
- Display a professional self-image when interacting over the phone
- Gain mastery over a professional and calm voice which helps in building credibility
- Assertively be able to say No when required over the phone
- Deal with questions and learn to respond to questions effectively over the phone
- Master ways to deal with difficult and irate customers in a professional manner

TRAINING METHODOLOGY

The Telephone Customer Service Training will be conducted in a collaborative manner and will comprise of the following training methods:

- Role Plays

MESSAGE FROM FOUNDER

Rudy HP Manullang ,Ph.D

Founder JICSI

Menjaga hubungan yang baik dengan pelanggan adalah bagian penting untuk sukses dalam dunia bisnis. Ikatan pelanggan yang kuat dibangun dan dipelihara melalui komunikasi yang baik. Ini karena membantu pelanggan dan perusahaan membangun kepercayaan satu sama lain. Ketika seorang customer service berbicara dengan pelanggan secara langsung, jujur, dan terbuka, customer service tersebut telah menunjukkan bahwa Anda menghargai waktu pelanggan dan mengetahui apa yang butuhkan oleh pelanggan. Hal ini dapat membantu membangun hubungan yang baik, yang dapat menghasilkan lebih banyak pelanggan setia dan lebih banyak bisnis yang berulang.

Dengan aktive listening dapat menjaga hubungan baik dengan pelanggan dan membantu bisnis Anda mempertahankan pelanggan setia, menghasilkan lebih banyak uang, dan mendapatkan nama baik di pasar. Mendengarkan secara aktif adalah bagian penting dalam membangun hubungan baik dengan pelanggan.

Menurut Center for Creative Leadership, pemimpin yang andal dalam skill active listening cenderung mudah mendapat kepercayaan dan hormat dari bawahannya. Oleh sebab itu, keterampilan mendengar aktif patut Anda kembangkan demi menunjang rutinitas di lingkungan kerja dalam memberikan layanan yang baik kepada pelanggan

Pelanggan cenderung nyaman berbicara dengan orang yang memang mendengarkan cerita mereka, ini termasuk kebutuhan dan masalah yang tengah dialami. Pendengar yang aktif terbiasa mendengarkan hingga tuntas dan memahami konteks pembicaraan. Barulah mengambil kesimpulan berdasarkan apa yang telah dipahami. Melalui kebiasaan ini, pelanggan jadi betah dan nyaman berbicara mengenai keluh kesah.
